

HOLYGRAM

Holygram released their first EP in October 2016 on Spanish label Oraculo Records, and the combination of wavy postpunk and industrial krautrock impressed the audience in a way that the 300 vinyl copies and 100 cassettes (sic!) were **sold out immediately**.

„The music [...] gives you the sense that something rather sinister is watching you or lurking around the corner.“ - thealtnation.com

„Mit einer grandiosen Coolness schmettert das Quintett dem Publikum Schlagzeugbeats und Electrosounds, die es in sich haben, entgegen.“ - choices.de

„Holygram [...] zeigen, wie man PostPunk, Psychedelic, Shoegaze und andere Stilelemente zu einer furiosen Mischung formen kann“ - coast-is-clear.de

„The music's evocative basslines and atmospheric guitars and synths create a sound both fresh and nostalgic - like if New Order were released on Creation Records, or The Soft Moon on 4AD.“ - post-punk.com

Live (Selection)

October 20, 2016 – DIY, Lille
October 21, 2016 – La Mécanique Ondulatoire, Paris
